*30 microns - PET*

**Internal application**

By roll
H X L
1,52 x 10 m
1,52 x 30 m

All our white decorative films have the same look as the INT 383 film.

Use it as a basis for the combinations of your choice.

Solid frosted

## Grooved films

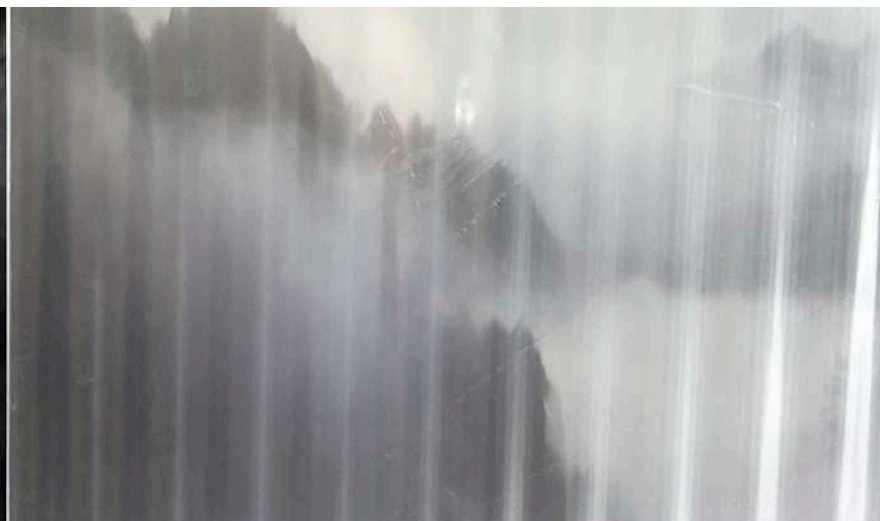

### *frosted*

Reflectiv offers a range of ribbed films, which modify the point of view and the lighting effects. They can be used to create a glass effect in relief, while providing more or less privacy, depending on the model chosen.

## Shading patterns / clapboard *white / frosted*

Our films with shading patterns allow you to partially block the view while dressing up your windows. Clapboard patterns, such as perforated walls, offer more airy decoration.
